S. T. Elliott informs the MINER that he expects to open up his big store in the Luthy block next Saturday.

Fred Collidge and Fred Brown will leave in a few days for a prospecting trip to cover several months.

Mrs. Frankie Kelleher has gone to Rice Station where she has accepted a position in the Indian school near that place.

J. S. Amundsen, of Williams, is visiting with S. T. Elliott and wife for a few days while he is recovering from the effects of the gripe.

James Cogan and J. D. Templeman have purchased the business of R. I. Cogan on Fourth street and on Saturday evening, January 18, 1908, will give a big opening celebration.

The mill of the Idaho-Columbus mining company, at Cerbat, is working successfully, the roaster and electric separator working to perfection. The mines are capable of supplying a large tonnage of ore.

Mrs. J. F. Luthy arrived from Albuquerque Sunday last and will visit with her husband for some time. She has many friends in Kingman that will welcome her heartily.

J. D. Spargo is in town from Stockton Hill, where he has been looking after development work on the old Brown mine. He reports having opened up some rich copper ore on the property.

Needles Elks have organized a club and are to give a big blowout next Tuesday evening. Many Kingman Elks have signified their intention of going down to take part in the festivities.

R. E. Manship, of South Carolina, and Mr. Lovin, of North Carolina, nephew and cousin, respectively, of Henry Lovin, arrived in Kingman yesterday and will remain here some time visiting.

Henry Lovin came up from Kelvin yesterday and is looking after his business in Kingman. He reports that the copper slump has hit the lower country a heavy blow, from which it will not recover for many months.

Cal. J. Cross and wife will depart to San Bernardino today, where Mr. Cross will place his big teams on sale, or if the market is not favorable he will place the horses on pasture. He has some of the best horses to be found in the territory.

W. H. Hall, who owns a group of mining claims in Weaver district, is in Kingman. Mr. Hall has opened up the Alger mine to a depth of 200 feet and has a fine body of ore in the bottom of the shaft. It is probable that some other people will become interested with Mr. Hall in these mines and that a large amount of development work will be done on them.

H. A. DeRudio was arrested the first of the week at Signal on a charge of assaulting W. D. Lamburch with a deadly weapon. It appears that Lamburch and his mother had quarreled and the old lady concluded to leave, making her way on foot toward Yucca, about fifty miles away. Some of the people of Signal became incensed at the treatment of the mother by Lamburch and DeRudio and another man went to the tent of Lamburch after night, called him to the door, and told him that he would have to go and get his mother or they would do things to him. Lamburch claims that they poked him in the ribs with a gun and made him lay down his rifle, but there was no corroborative proof of this and DeRudio was discharged at request of District Attorney Morrison. Growing out of the quarrel between mother and son was a charge of insanity lodged with the Probate Judge by Lamburch and the mother was brought before that court and tried on the charge last Tuesday afternoon. The hearing developed the fact that while the mother might have a warm temper she was much more sane than the son. She was discharged.

Tibucio Padillo Dead.

Last Tuesday morning Tibucio Padillo died at the town of Yucca after an illness of about ten days. Death was due to an attack of pneumonia. The funeral took place at that town the following day, everybody in the town and surrounding section attending the service at the grave. Tibucio Padillo had been a resident of Mohave county for more than twenty years, much of which time was spent in mining in Cedar Valley district, where he made many important discoveries, the San Francisco mine being among the most important. Recently he discovered a rich vein of mineral some distance from Cedar and took therefrom several tons of rich ore. He leaves a large family to mourn his loss. He was a kindly old man, beloved by all who knew him.

Elks Opera House, Tuesday, Jan. 14.

The large number of strikingly handsome gowns worn in the production of "A Royal Slave" which will be seen at the Elks Opera House Tuesday next, is the occasion of much comment in every city where the play has been seen this season. It is interesting to hear the gasp of admiration and envy with which the ladies of the audience invariably greet each entrance of the women upon the stage. Miss Mary Ayers, as the Countess Inez, carries off the honors in this matter of sumptuous costuming. She appears in six handsome gowns, each one a triumph of the tailor's art. The climax is reached in the last act when she appears in a tight-fitting gown of black velvet displaying her magnificent figure to admirable advantage, while a novel girdle in the form of a monster trailing serpent, with its head protruding above the bodice of the gown in front, and its length encircling the waist and depending at the side of the skirt, causes the masculine portion of the audience to sit up and take notice.

Miss Flo Young, as Annette the dancing girl, is likewise well supplied with gorgeous gowns, appearing in a different one in each act. It is interesting to note that each of Fairy's dresses is covered with spangles, always in harmonious keeping with the color of the gown. As she wears one of these bespangled, resplendent gowns when she gives the Spanish dance, which is one of the features of the play, the effect can be easily imagined. The other members of the company are all appropriately and richly garbed. Inasmuch as the play deals with a royal family in the days of Castilian magnificence at Emperor Maximilian's court it can be understood that the costuming of the production is one of the most important features. Seats on sale at Watkins' drug store. Price the same any where. 75c, 1\$.

The general government has reimbursed the county of Mohave in part for the expense of the last general election, the added expense of which was made by reason of the statehood provision. It is understood that the total expense of the election was about 4,000\$, and that the government paid a little over 2,000\$ of this amount.

Don Catlin, who owned mining property at Eldorado Canyon and at one time a promise miner at that place, died at Searchlight a few days ago of pneumonia. Catlin was a hard drinker and it is to this that his death by pneumonia is to be attributed.

The Luthy buildings are fast approaching completion. The big plate glass windows have been put in three of the store rooms, the plastering finished and now all that is needed is the finishing touches of the painters. When completed the building will be a credit to the town of Kingman.

I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat and lung trouble." Sold by Watkins Drugstore.
